EXAMINATION INFORMATION—KENTUCKY MERIT SYSTEM  
CAREER PEOPLE...SERVING PEOPLE

1  
THIS IS NOT A VACANCY LIST

(04/15/2003)

## **THIS BOOKLET IS A LIST OF JOB CLASSES FOR WHICH WE ACCEPT APPLICATIONS -- NOT A VACANCY LIST**

Applications will be reviewed for these job classes until further notice. These examinations are open to all applicants who meet the minimum requirements as established by the Personnel Cabinet.

**NOTE:** *As required by the Immigration Reform and Control Act of 1986, Kentucky State Government hires only U. S. citizens or aliens who are lawfully authorized to work in the U. S. All new employees must provide verification of identity.*

### **SELECTION METHODS**

Merit System Law requires applicants for merit positions be placed on the register. Applicants are ranked on the register according to scores obtained on the specific selection method for the job class. The selection method is indicated for each job class in the bulletin. The following are the types of selection methods:

- WRITTEN      A multiple-choice job related test. There is not a time limit on the test. Please note: "A PICTURE ID MUST BE PRESENTED IN ORDER TO BE ADMITTED TO THE TEST. THIS TEST NOTICE, BY ITSELF, IS NOT SUFFICIENT TO ALLOW ENTRANCE TO THE TEST."
- T & E        A score is given based on your past training and experience as listed on your application. It is very important to give us detailed information and answer all questions on the application since your score is based on the information on your application. You will not receive credit for education/training that has not been verified.
- TYPING       A typing performance test using a five minute timed test.
- QUALIFYING   Any applicant who meets the minimum requirements for the job class is placed on the register.

### **SPECIAL TESTING ACCOMMODATIONS**

The Personnel Cabinet is committed to providing testing accommodations for applicants with disabilities. An applicant with a disability needs to notify the Personnel Cabinet of the special needs. Personnel form P-5 is an internal document which gives us information necessary to provide special accommodations. Please complete a P-5 if you need special accommodations.

## QUESTIONS AND ANSWERS

The following answers some of the most asked questions about the Kentucky Merit System. For more information, please contact the Division of Staffing Services, 200 Fair Oaks Lane, Room 517, Frankfort, Kentucky 40601, (502) 564-8030. If you are a person with a hearing impairment, please call TDD (502) 564-4306.

- 1. Q. How Do I obtain a state merit job?**  
A. A state agency must hire or promote from a merit register for each job they wish to fill.
- 2. Q. How do I get on a merit register?**  
A. There are five basic steps as follows:
  - a. Complete a state application and bring or mail it to the Division of Staffing Services at the address listed above.
  - b. Obtain approval to test from a counselor.
  - c. Take the appropriate test(s) for the job(s) desired and score at least a 70 or above.
  - d. Scores of 70 or above are placed on the appropriate register(s) for the counties where you desire to work as listed on your application.
  - e. When state agencies request registers to fill vacant positions, the names of the individuals with the top five scores, along with the names of state employees who desire promotions, are forwarded to the agencies initiating the request. If re-employments (former state employees who were laid-off) are on a register they are given consideration before competitive applicants who score in the top 5.
- 3. Q. How do I know which jobs are available? Is there a vacancy list?**  
A. Yes, we do have a vacancy list, also you can visit our web site at <http://personnel.ky.gov>. The Open Continuous Bulletin lists all the job classes for which we are accepting applications. You should review the Bulletin. Counselors located at 200 Fair Oaks Lane, Room 517, Frankfort, (502) 564-8030, review applications for minimum requirements and are available to assist you in determining specific job classes for which you qualify. Application reviews are not done over the telephone.
- 4. Q: Do I have to take a test?**  
A. Some Merit System jobs require a written test. Some jobs require a rating of an applicant's training and experience (called "T&E"). Other jobs require no test, and applicants are added to the register and become automatically eligible for hiring upon meeting the minimum requirements. The Open Continuous Bulletin lists the selection method required for each job classification.
- 5. Q: When and where can I take Merit System tests?**  
A. You may take tests in Frankfort Monday, Wednesday, Thursday, and Friday by reporting, between 7:30 a.m. and 1:30 p.m., in order to allow enough time to test. **No tests are given on state holidays and Tuesdays of each week.** No previous arrangements are necessary. (For typing tests you must arrive by 9:00 a.m. or 1:00 p.m.) To take tests at a regional test center you must make advance arrangements by contacting the Division of Staffing Services, 200 Fair Oaks Lane, Room 517, Frankfort, Kentucky 40601. All written exams must be completed by 3:45 p.m. Your application and written request for testing at a regional test center must be received at least fourteen days before the scheduled date of the test. You will be notified by us once you are scheduled. Regional test centers have limited capacity, when the maximum number is reached, applicants will be scheduled at a later date. Once you have passed your test your application and approval sheets are forwarded to the register and will remain until your scores expire. Applicants who are approved to test but do not test within 3 months must complete a new application.
- 6. Q. Do I need to verify licenses, certificates or other authorization to practice a trade or profession?**  
A. Yes, if this is required by the minimum requirements for the job class you must provide verification. Also, for some classes that have a T&E this information must be verified.
- 7. Q: What score do I need to pass a test?**  
A. A score of 70 is the minimum passing score.

8. **Q: Does a passing score mean I will be considered for a job?**  
A. If your score is among the top five scores, you will be eligible for consideration. Agencies filling a vacancy from the Merit Register must select from the applicants with the top five scores.
9. **Q: Can I take a test more than once?**  
A. Yes, according to the following retest procedures:  
1. An applicant will be admitted to the same exam or its alternate no more than two times within a regular workweek.  
2. An applicant will be permitted to take the same exam or its alternate no more than twelve times in a twelve-month period beginning with the original date such exam is taken.
10. **Q: When will I get my test results?**  
A. If you test in Frankfort you will receive your results the same day. Results mailed to your home usually arrive within one week. Tests taken at regional test centers take longer to process.
11. **Q: What is the "Register"?**  
A. The Register is a list of applicants ranked in test score order for each specific job class and county of availability. Once you obtain a passing score on a test you are ranked on the Register for the specific job class and county of availability.
12. **Q: Can I be placed on more than one Register?**  
A. Yes, you can be placed on the Register for up to fifteen (15) job classifications.
13. **Q: How is the Register used to fill job vacancies?**  
A. The agency with the vacancy requests a Register Certificate of eligible applicants. The Personnel Cabinet certifies to that agency employees who are on the Internal Mobility Register and those applicants who rank in the top five scores for that county. Re-employments (former state employees who were laid-off) are considered before competitive applicants who rank in the top 5 scores.
14. **Q: How long will I remain on the register?**  
A. Competitive applicants are eligible to remain on the register for a period of one year from the date tested after which time it and your name will be removed. Your name will also be removed from the Register if you fail to respond, are not available, or decline an appointment. When a new test is effective, the register is abolished and you must take the new test if you want to remain on the register. If you are appointed to a job you will be removed from the register for that job class and any other classes of the same or lower pay grade. Internal mobility applicants remain on the register for two (2) years after which time their name is removed unless they formally reapply.
15. **Q: Does an applicant's rank on the Register change?**  
A. Yes. As new applicants take tests and former applicants receive jobs or refuse job offers, an applicant's rank in relation to the top five scores may change. Your ranking may change if other applicants' test for the same job titles as you or if other applicants are removed from the register.
16. **Q: Will I be considered for job vacancies in counties or areas other than the ones I listed on my application?**  
A. No. You will be placed on the register only for those counties you listed on your application.
17. **Q: Can I make valid changes or additions to my application?**  
A. Yes. Notify us in writing of any changes you want to make on your application. You are responsible for notifying us if you have changes in your mailing address, telephone number, or counties of work availability. Always include your Social Security number when changes are made. Changes or additions to your work experience must be verified in writing by the employer to the Personnel Cabinet.
18. **Q: Do I need to take a test for an temporary (interim) job?**  
A. No. These jobs are not covered under the merit system. You should send your application directly to the agency for which you want to work.

19. **Q: What can I do to obtain the best T&E score?**  
**A:** A Training and Experience (T&E) rating will consist of verification and evaluation of the applicant's training and experience **based on information contained in the application**. You will be given credit for relevant background and training, so be sure to thoroughly fill out the employment history and training sessions of the application. Be sure to include the details of your experience. This is your chance to explain your current or previous job duties. The following points may help you get maximum credit for your experience:
- It is up to you to tell us the related experience you have had. If you have important experience and do not list it, you will not be given credit for it.
  - Be specific with details. Where details are not given, it will be assumed that your experience did not include that component.
  - The amount of space provided on the application is neither the minimum nor the maximum amount desired. If you need more room, use another sheet of paper; but, be sure to sign your name, put your social security number on it, and date it.
  - Your application will not be evaluated based on your writing ability, but we must be able to read and understand what you write. Be as clear, thorough, concise, and legible as possible.
  - We may be unable to evaluate your experience if you use words and phrases known only to your work specialty or location. Such special language includes abbreviations, initials, military jargon or other work related jargon.
  - Include month, day and year of employment dates (starting date and ending date) for each job. Failure to do so can limit the amount of credit given.
  - Make sure your statements are clear. If you describe your experience by saying "responsible for the work flow in an office," we cannot tell the nature of the work. A better description might be, "I supervised and assigned work to four typists. I provided clerical support for three attorneys. I prepared the budget for and managed the typing section." Do not say, "worked as a civil engineer." Say "surveyed road locations. Designed wooden bridges and concrete piers for recreational roads."
  - List all jobs worked during the same time period separately, especially those showing progression from one position to another, such as patrolman to detective to Chief of Police. The same applies to the progression from regular employee status to supervisor. Do not lump these into one job.
20. **Q: Does approval to take a state merit test or placement on a register for a higher class than the one currently held mean the position occupied should or will be reclassified?**  
**A:** No. Approval by a counselor to take a state merit test is not an approval to reclassify a position. Counselors do not have the authority to reclassify positions. Reclassifications are based on the duties of the job, not on an employee's credentials, education or experience.

***The Commonwealth of Kentucky does not discriminate on the basis of race, color, national origin, sex, religion, age, or disability in the admission or access to, or treatment or employment in, its programs or services. Information concerning the provisions of the Americans with Disabilities Act is available from the Secretary of Personnel.***

### **INTERNAL MOBILITY PROGRAM**

If you are a merit employee with status and want to have your name on an Internal Mobility register, you must:

1. Have an updated application on file with the Personnel Cabinet;
2. Meet the minimum requirements for the position for which you are applying.

You may go on the register for up to 15 different job classifications. Employees on internal mobility registers are not ranked. All names will be sent to the agency upon request for a register. Employees in Kentucky State Government promoted from an internal mobility register will be required to serve a promotional probationary period. Interim, non-merit and probationary employees are not eligible. Part-time merit employees can only be on part-time internal mobility registers. If you have any questions, contact the Personnel Cabinet at (502) 564-8030.

## TEST CENTER 2003

**Applicants may test in Frankfort or at one of the regional test centers. All testing at the regional centers is scheduled through the Frankfort office. Applicants must be scheduled to test at regional test centers. All requests for testing at regional test centers must be in writing to the Personnel Cabinet. An official notice to report will be sent to the applicant notifying him/her of the date scheduled for testing at a regional test center. (\*NOTE: All test centers will be CLOSED the month of JULY except Frankfort.)**
